Membership pack 2011

The aim of Westminster Arts is to support, promote and deliver community arts activities and projects.

Resonate, our pioneering arts programme for older people with mental health problems including dementia, addresses important needs of our vulnerable ageing population whilst providing a training platform for artists wishing to work in the growing field of arts and well-being.

We run a membership scheme for arts and cultural organisations enabling us to build relationships between large and small organisations and the community, and to disseminate arts news throughout Westminster in our Arts Circular.

Please join us!

Become a Member of Westminster Arts

Membership is open to arts, cultural and community organisations.

Becoming a member connects your organisation to a wider network across Westminster. It gives you access to advice and support as well as a range of other benefits including priority marketing in our quarterly Arts Circular. It also demonstrates to our supporters and funders that there is a strong local arts sector and a need to support community-based arts.

Annual membership fee is currently £25 per year and begins 1 January.

The benefits include:

- Free or subsidised rates to attend Westminster Arts arts training sessions
- Notification of arts news, funding opportunities and deadlines
- Priority marketing and promotion of events and opportunities in the Arts Circular distributed quarterly to over 750 subscribers
- Invitations to attend private views, showcases and networking opportunities.
- Advice about completing funding applications
